

# MOVING TO METRO ATLANTA?

5 questions to answer **before** you choose a neighborhood

## 1. WHERE WILL YOU ACTUALLY DRIVE?

Map every regular work location and decide what commute is realistic—not what looks short on a map.

## 2. WHAT DOES YOUR FAMILY NEED EVERY WEEK?

Think beyond the house: parks, sports, restaurants, shopping, healthcare, activities, walkability, quiet, community amenities and access to the people you see regularly.

## 3. WHAT DOES YOUR BUDGET BUY IN DIFFERENT AREAS?

A budget can produce very different housing choices depending on geography. Compare the tradeoffs before falling in love with a house.

## 4. WHAT DO YOU WANT TO PRESERVE?

Identify what your family loves about home now—and what you want Atlanta to change.

## 5. HAVE YOU EXPERIENCED THE AREA?

Drive the commute. Visit during the day and evening. Try the everyday errands. See the neighborhood before making the biggest purchase.
